SUMMARY

I am a pre-final year student at IIITDM Jabalpur pursuing a bachelor's degree in Computer Science. I am really passionate about web development and software development, want to explore new opportunities in this domain. I enjoy building projects, communicating with people, and discussing moving projects in the correct direction while keeping everyone's perspective in view.

PROJECTS

My React Portfolio

Self-Learning Project

- Created a Well designed portfolio website with React and gatsby.

Shopkart

Shopping site for Home Decoration

- Build a project that does an online Home Decoration Service , an Application developed for hassel-free service on a single click.
- User can add products in the cart and view them later.

Hotel Managment

DBMS project- College Group Project

- Web application which manages hotel booking for visitors.
- User can view the various available rooms according to their availability and cost per night.
- User can book a room along with extra facilities like meals, bed size etc.

Hostel Problem

Individual Learning Project

- This Website allows Student to raise Complaint regarding the issues faced in their respective Hostel blocks.
- Caretaker access the data and ensures that the problem is solved by sending the working staff to clear the problem.
- Once the problem is solved the student can view that his request has been approved.
- Caretaker can add and update categories according to user demand.
